VISUAL ALUMINIUM EXCELLENCE

GUIDEBOOK SEMI-FINISHED PRODUCTS

Way Finding Solutions

Features

The Alliance product line is derived from DeSign but was given a more contemporary look.

Alliance emphasizes your wishes to express dynamics and spirit of enterprise.

Features

- Complete new innovative range
- Snap-on system with contemporary looks
- Modular and easily changeable
- Unique synthetic end caps in a stylish slim line or modern elliptical shape.
- 9 standard heights in face profiles
- 6 standard heights in insert profiles with among others a 15,5 mm insert profile to create a special accent in directory panels
- Possibility to create A4

Triline®

Aluminium profiles & Synthetic parts	2.2
Assembling	2.4
Door Signs	2.6
Wall Signs	2.10

Face profiles

The face profiles have a material thickness from 1.5mm / 0.06" up to 3mm / 0.12", allowing engraving and Braille applications.

Insert profiles

The insert profiles offer the possibility to insert any kind of material with a thickness up to 1.75mm / 0.069".

Panel & supporting profile

These variable insert profiles offer the possibility to create any type and measure of insert panels larger than A4 (for example A3, A2, A1), and to integrate for example maps in large directories.

Side track profiles

Side track profiles can be used in any application, both in small door signs and in larger overview panels.

Intermediate profile

Intermediate profiles are only to be used in combination with side track profiles:

- TLEKC
- TLEKR

Article code	width frame	Insert measures

Decipher the Triline® code

Face and insert profiles	Alliance end caps
TL = Triline®	TL = Triline®
31 = 31mm width profile	EE = Ellipse end cap
S = insert profile	EC = Classic end cap
-B = mill finish	93 = 93mm length end cap
-S = silver anodised	-B = black
-G = gold anodised	-G = grey

Top & bottom profiles

Top & bottom profiles are only used in combination with side track profiles.

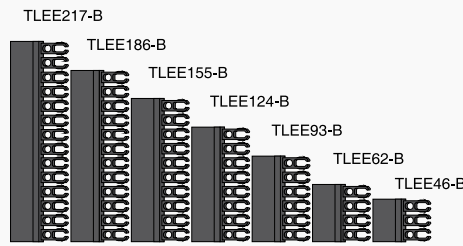

Support profile

We recommend to install this invisible support profile (vertical), when the individual horizontal profiles are longer than 80cm / 3.15".

Aluminium profiles and synthetic parts

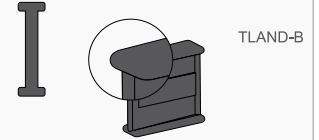

Ellipse end caps

Elliptical shape synthetic end caps for wall fixation. With these end caps you can combine profiles from 15.5mm/0.61" up to 217mm/8.35".

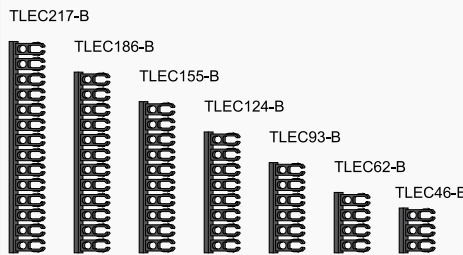

Blocking pin / side tracks

TLAND is a patented anti-theft blocking pin for securing all types of wall mounted signs assembled with side tracks.

Classic end caps

Slim shape synthetic end caps for wall fixation. With these end caps you can combine profiles from 15.5mm/0.61" up to 217mm/8.35".

Screw

TLSCR3 is used to lock the side track caps or classic frame corners and to ensure the correct blocking of the TLCLI / TL15' clips in the side tracks.

Side track caps

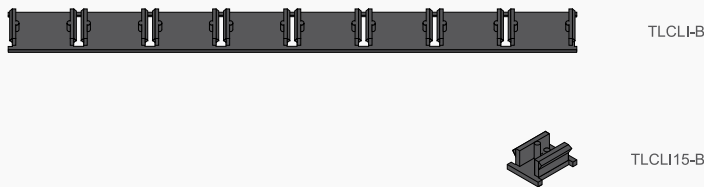

Side track caps are only used in combination with side track profiles.

TLCLAS with TLEKC
TLRADS with TLEKR

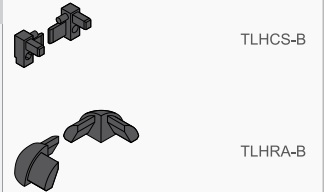

Clips

TLCLI is used in combination with TLEKC and TLEKR side tracks, intermediate profile, support profile. These clips guarantee an extensive flexibility, without breaking. TLCLI15 is used to assemble the profiles: TL15S, TL46 onto TLEKC and TLEKR.

Frame corners

These are only used in combination with side track profiles and top & bottom profiles

TLHCS with TLEKC, TLCLAT
TLHRA with TLEKR, TLRAD

Key

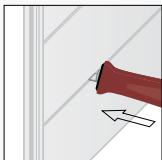

TLKEY is created to unlock the profiles from their clips and replace a profile in a sign without disassembling the signs.

The key has a stainless steel insert piece with a synthetic handle.

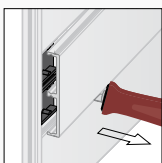

TriLine® KEY

Note:
The TriLine® key cannot remove profiles which have been locked with the TLAND-B blocking pin!

1 The TriLine key needs to be slid horizontally between the profiles, at minimum 50mm distance from the side tracks.

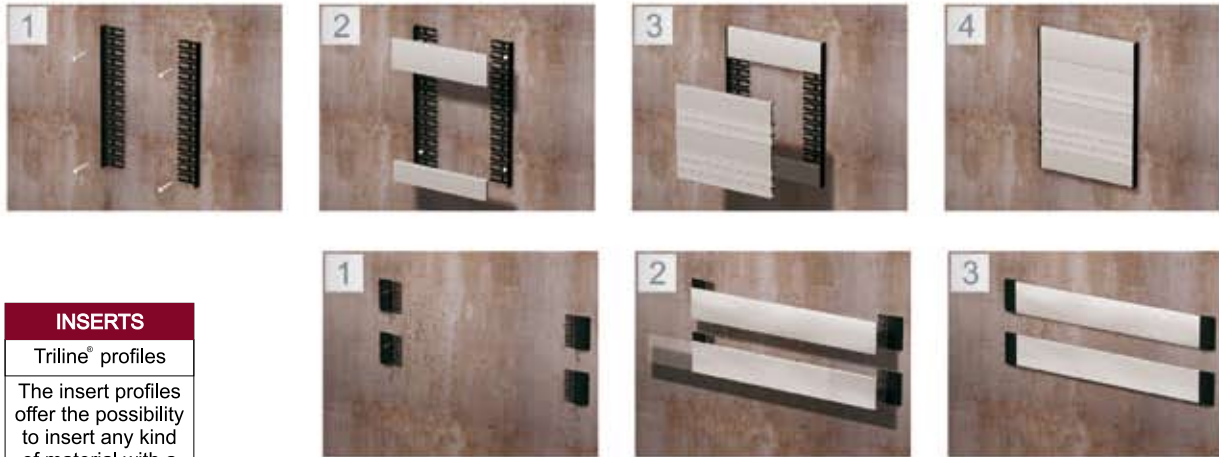

2 Pull the key backwards, the profile is now released from the clips and can be removed from the sign.

Alliance

Assembling
Signs
with ellipse
and classic
synthetic
end caps

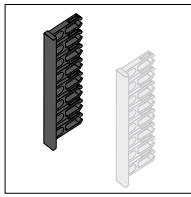

Two special profiles, 15.5mm insert and 46mm face profile.
Can be combined with all other profiles and the Alliance end caps (Ellipse and Classic).
End caps are available from 46.5mm to 217mm.
Easy assembly.
Ideal for personnel signs, room identification, wall projection signs, emergency and more...

INSERTS
